About the centre

(...)

Context

Every year Inria International Relations Department has a few postdoctoral positions **in order to support Inria international collaborations.**

The postdoctoral contract will have a duration of **12 to 24 months**. The default start date is **November 1st, 2024 and not later than January, 1st 2025**. The postdoctoral fellow will be recruited by one of the [Inria Centres](#) in France but it is recommended that the time is shared between France and the partner's country (please note that the postdoctoral fellow has to start his/her contract being in France and that the visits have to respect Inria rules for missions)

Assignment

Candidates for postdoctoral positions are recruited **after the end of their Ph.D. or after a first post-doctoral period**: for the candidates who obtained their PhD in the **Northern hemisphere, the date of the Ph.D. defense shall be later than September 1, 2022; in the Southern hemisphere, later than April 1, 2022.**

In order to encourage mobility, the postdoctoral position must take place in a scientific environment that is truly different from the one of the Ph.D. (and, if applicable, from the position held since the Ph.D.); particular attention is thus paid to French or international candidates who obtained their doctorate abroad.
